
Let talk at this stage...

Dear friends,

We have successfully completed registration process and document verification also. You can see that many of the students who have made silly typo errors have also been displayed correct details of marks on www.jacpcldce.ac.in/BE.aspx in know your merit details.

Now some big questions in your mind... let try to answer it..

Queries related to merit

1. Who are included in Merit currently?

Field	Criteria
HSC School passed from	<ul style="list-style-type: none">•The students who have cleared qualifying examination from State of Gujarat from boards like GSEB, CBSE, ISCE and NIOS have been included in the provisional merit list.•The students who have cleared qualifying examination from outside Gujarat (within India) and whose parents are Gujarat Origin and currently serving there have been included in the provisional merit list.
And	
Qualifying Marks obtained	<ul style="list-style-type: none">•The Open category students who have scored 45% in Physics, Chemistry and Mathematics (either with only theory marks or with theory and practical marks) have been included.•The students who have belonged to SEBC, EWS, SC and ST and who have produced valid document (obtained from authority of State of Gujarat) and scored 40% in Physics, Chemistry and Mathematics (either with only theory marks

	<p>or with theory and practical marks) have been included.</p> <ul style="list-style-type: none"> •If the marks of PCM is not matching eligibility, the marks of Physics , Mathematics and biology/biotechnology/vocational subjects of Board been considered.
And	
Entrance examination criteria	<ul style="list-style-type: none"> •Appeared in GUJCET-2020 examination in Physics, Chemistry and Mathematics subject.

2. When the merit list of All India seats of JEE(Main) will be announced?

The merit list based on All India Rank scored in JEE(Main) will be announced with final merit list.

3. I have applied only for JEE(Main) quota, and you have started choice filling. Will it not be affected to me? Will my seat will be allotted to someone?

This is provisional merit list and the mock round has been started for GUJCET criteria seats. The JEE(Main) seats will not be offered to anyone till JEE(Main) merit been declared. Secondly, this is practice round. There is no actual allotment will be made. So, the none of the seats including JEE(Main) seats will be issued real admission.

4. I have some corrections like my category or merit marks which is been shown on portal. What do I do?

Check the marks properly. You can verify the category details and other details in your portal. In case of any corrections, please send the all documents like PDF copy of registration form, marksheets, category documents (if applicable) on edit.acpc@gmail.com. The details and corrected merit (if applicable) will be displayed on final

merit list. While mailing to us, do not forget to mentioned your application number on Subject of mail and in message.

Queries related to choice filling

The choice filling is most important part of the process. Candidate has to be more cautious during this process. However, rest assured that any mistakes committed by you can be easily rectified.

Check some important steps of it..

Facts about choice filling:

- There will be single choice list based on two quotas, GUJCET based and JEE based. We will ensure that best choice will be allocated to you based on those quotas. DO NOT CHANGE YOUR PRIORITY due to this. LET IT BE SAME. There is no effect. System will allocate you best priority choice among the both quota in all rounds.
- You can surely fill maximum choices all shown to you. Actually, you should fill maximum choices because this is exercise which gives you maximum benefit of this process.
- The choices once filled can be added another choice, alter the filled choice, and deleted filled choice also when the choice filling tenure is available for that particular round.
- You can have choice of three types :
 - Rank wise: choice from first rank to last rank (irrespective to institute and branch)
 - Institute wise: choice of particular institute or institutions only based on district also

- Branch wise: choice of particular branch or branches based on institutions offering the same
- Based on the same, the choice filling module provides your filter like Branch wise choices, Institute wise choices with clear bifurcation of Government, Grant-in-Aid and Self finance institutions.

Best practice for choice filling:

- First identify the institutes and branches where you are interested to take admission. The list shall be as large as possible.
- Do not miss to include top most priority even if your merit does not match to it. As well as do not miss to include those choices in your list where you are comfortable to get admission even may be lower cutoff than your merit rank.
- Arrange them in priority, like first keep those choice where you want to take admission first including TFWs choice. Then think that if you are not able to manage admission there due to low merit cut off what could be the next choice. Prepare list like this. And make it as long as possible. Prepare the sheet with Pen and Paper and check with last year cutoff. You must have those choices compared to last year which is lower cutoff than your rank.

Prepare the choice list with raw excel file provided :

- For preparation of better choice filling, we have provided a downloadable EXCEL file for your reference. This includes institute name, branch name, district and last year cutoff. This will help you out to prepare best list.

- **The file will be updated after mock round based on this year choice also so that you can have clear idea.**
- You can have choice of three types and based on this your can use “sorting” function of excel file : the sort is available on DATA filed of excel file.

- Rank wise: choice from first rank to last rank (irrespective to institute and branch). In excel file, choose the sorting field as rank and arrange the smallest to largest. You will get ready list based on last year cutoff.

IMPORTANT : Newly included branches will not be in list. You fill the place where you want to include newly introduced course of respective institute.

- Institute wise: choice of particular institute or institutions only based on district also. In excel file, sort it with Institute wise (field : A to Z)and you may also sort with district. With district sort, district wise list of institutes will be made available. You can further sort with branch wise and merit wise also.
- Branch wise: choice of particular branch or branches based on institutions offering the same. In excel file, sort it with branch wise and you may further sort with merit and institute also.
- The list can be filter further with Government, Grant-in-Aid and Self finance institutions.

Queries related to choice filling : Second Round (Reshuffling round)

After the mock round and later actual round, the actual allocation will be displayed. Students need to confirm the admission wither by paying token tuition fees or by confirming on portal (where the fee payment is not there.) The choice filling is most important part of the process. Candidate has to be more cautious during this process. However, rest assured that any mistakes committed by you can be easily rectified.

Check some important steps of it..
